Military Secy's ctc 311 D/22/5/89

Pro ctc 1206-7 07 19/9/88.

As Hakeems & Jackambunds were found useless in treating Serious cases of accidents which occurred during lately while the Silladars at Bangalore were employed with the British troops, the Military Secy proposed to dis-pense with their services and to employ 2 Hospital Assistants instead. Sanction was accorded to the retirement of the Jackambunds but enquiry was made as to the advisability of retaining the Services of Hakeems, as many people resort to Unani treatment in preference to English treatment.

Thereupon Military Secy recommended the retention of Hakeems and the retirement of Jackambunds, one Hospital Assistant being appointed in their stead. This was sanctioned in Pro ctc 1900 07 30/11/88

In contravention to these orders the Military Secy in his Letter ctc 1899 07 5/3/89 below proposes the retirement of Hakeems and retention of Jackambunds, changing their designation to Hakeems. His proposals together with the opinions of the Medical

This Department applied for the services of one and the Surgeon proceed to give an Hospital Assistant but before doing so called for some information regarding the locality, house accommodation and the number of patients that may attend daily &c. This information has not as yet been furnished.

Sir Regd. 7-87-1

Several serious accidents having occurred lately while the Silledars at Bangalore were employed with the British troops at Brigade and Field days by the men having falls or their horses falling with them in bad ground and as the Hakeem sent from the Barr department to accompany the Regiment on such occasions, was found absolutely useless and unable to attend to the men who met with these accidents, I addressed a letter to the Senior Surgeon pointing this out and asked his advice in the matter. Dr. McGann recommended that the Hakeems and Jakembunds should be got rid of and proposed the entertainment of two qualified Hospital Assistants on a Salary of Rs. 40/= each, who could, he said, be attached to the Silledar

and Base Hospitals at Bangalore and Sagore and made available for parades and other regimental duties whenever required.

As I quite approve of the above proposal I beg to suggest the following arrangement for the sanction of the Diwan.

There is at present a Hakeem and a Zakamband attached to each Battalion of Infantry on a Salary of Rs. 8/= each, whom I propose relieving on pensions &c. as the case may be. By this arrangement a monthly saving of Rs. 48/= will be effected leaving a sum of Rs. 32/= to be made up from some other source to meet the salaries of the Hospital Assistants.

As there is generally a very large annual saving in the Military Budget I would suggest that the additional sum of Rs. 32/= required to be met from there till other arrangements can be made to budget separately for the pay of these

two Apistants.

On receiving the Diwans Sanction to the above proposal arrangements will be made by me for getting the Hallems and Zakambands alluded to and entertaining the Hospital Apistants proposed by the Senior Surgeon.

Mr Francis's opinion from experience elsewhere that a great many people prefer the Yunani System of Medical treatment to the English System; & it is not known that such weaknesses exist in the Military Force & whether upon this ground, the sudden abolition of the Hakkims would be regarded as a hardship by the men who now habitually resort to the Hakkims for Medical aid.

The Military Secy is requested to satisfy himself upon this point before dispensing with the present Hakkims & returning them if the men of the Force will not thereby be put to any inconvenience

The Jakun blankets are now no longer fancy use and may accordingly be retired.

The establishment of one ~~Hospital~~ Hospital Asst of the Jakuns are not retired, of two if they are retired, is sanctioned..

Hakeem Rama Pundit has a service of 13 years and is also entitled to gratuity at the same rate as Bhagavan Pundit.

Sir,

I have the honor to report that as per instructions conveyed in your letter No 1405 dated 4th instant I examined Jackumbund Khobal pundit attached to the Company now doing duty at Hassan and found him well conversant with the minor Sanskrit Medical works. He does not appear to have had opportunities of studying standard Sanskrit Medical works as Charaka-Sushruta-Sarangohara &c a defect not peculiar to himself but one that I have found common with many of our native quacks that lay claims to the possession of Medical knowledge.

Khobal pundit the Candidate in question has three factors in his

favor —

1st. He comes (as he states) from a family of reputed bandits.

2d. He is young being only 32 years old.

3. He has had nine years service.

Under these circumstances I would recommend his being retained in service and beg to suggest at the same time the desirability of his being directed to attend the Hospital for a couple of hours in the morning so that he may pick up the essentials of Medical treatment in ordinary cases according to European methods of dealing with such.

2. It seems to resolve itself into a question of savings. There is no special provision in the Medical Budget to meet it no more

than there apparently is in the Military Budget, but no doubt there will be sufficient in either to meet it and as the pay of the Hospital Assistant sanctioned in Dewan's Proceedings Camp no. 1206-7 of Mysore 19 Sept. 1868 is debited to the Military Department, it seems to me that the cost of medicines &c might be similarly met since they are entirely for Military use, and the dispensary is located close to the lines.

Sir,

In acknowledging receipt of your letter no. 725 of the 10th Instant I have the honor to inform you that, in my opinion, it will be sufficient if medicines and appliances for an average daily sick of 36 or 40 persons could be supplied for the dispensary alluded to, but as no provision has been made in the Military Budget for the purchase of medicines and hospital necessaries I would suggest that they should be supplied from the Medical stores and the sanction of the Local Government obtained to meet the cost from the Medical Budget as is done in the case of other Departments.

2. On the receipt of sanction from the Local Government, which has been asked with regard to the furniture required for the dispensary, the Superintendent of the Central Jail will be communicated with on the matter as desired by you - But there are men here who have made this furniture for many dispensaries.
